

## Updates On the Engineering Exports

- ▲ **Exports of 2008:** The revised figures of 2008 have been released indicating a 24% increase in exports in comparison to 2007 figures, reaching 13.2 Billion EGP.
- ▲ **Exports of 2009:** Despite the global downturn, Egyptian engineering exports have witnessed a significant recovery during the second quarter of 2009. Exports have crossed 1 Billion EGP in the month of June alone, resulting in total export value of 4.3 Billion EGP during the first half of 2009. Amongst the sectors that have contributed to the recovery have been: Cables, White Goods, Car Components and Buses.

## Highlights on EEC-EG Activities

### Automotive Trade Mission to the UK—14th - 20th of June 2009

In cooperation with The Society of Motor Manufacturers & Traders Ltd and with the support of UK Trade & Investment, and with the participation of 11 Egyptian automotive /and auto component manufacturers, the Engineering Export Council co-organized an Automotive Trade Mission to the UK last June. The Egyptian delegation visited 9 factories at different locations within the UK including; London, Birmingham, St Helens, and Cambridge. The delegation was also hosted for several business matchmaking meetings and delivered a presentation indicating both the opportunities available in Egypt and the benefits of sourcing automotive parts from Egypt.

## Upcoming EEC-EG Events

### Renault Automotive Mission to Egypt

Over the coming few weeks, the Engineering Export Council will be hosting a delegation from Renault Automotive company. The Renault team have selected at least 6 factories to visit their facilities. In addition the delegation will be hosted over a dinner event on their last day of the visit.

Details will be circulated amongst members of the Council over the coming weeks.

### Equip Auto Exhibition in Paris

**13 - 18 October 2009**

In continuation of our strategy to support our exporters in penetrating new markets and realizing the growing importance of our auto parts manufacturing sector, the Engineering Exports Council with the support of Egyptian Exporters Association (Expolink) and the Egyptian Auto feeders Association will accompany 10 companies which have booked their places at the upcoming Equip Auto Exhibition which will be held in Paris next month.

### Egypt International Automotive Conference in Germany

**3 - 4 November 2009**

The Industrial Development Authority (IDA) and the Engineering Export Council (EEC) are pleased to announce the scheduling of the second automotive conference which will be held in Germany and it will be called Egypt International Automotive Conference on November 3<sup>rd</sup>, 2009 at Radisson Blu Hotel in Frankfurt, adopting the slogan: Egypt-GlobalPartner4Business.

On November 4<sup>th</sup>, the Industrial Development Authority (IDA) will arrange matchmaking meetings between Egyptian manufacturers and the EU / Asian automotive manufacturers and suppliers.

### 2nd UK Automotive Mission to Egypt

**November 2009**

Thanks to the coordination with the British Society of Motor Manufacturers & Traders Ltd and building on the success of the inward UK Automotive trade mission which was hosted in October 2008, and the outward mission to the UK which the Council organized during last June 2009, the Council is currently preparing for another visit of a group of British automotive companies in November 2009. Details will be passed to all members in the automotive/auto-parts companies once the program and the agenda are ready.

## Upcoming Training Programs

### Foreign Trade Training Centre (FTTC) Programs

▲ Export Specialist (UK)  
1/6-25 October 2009

▲ Basic Program (3)  
11-22 October 2009

▲ UCP 600  
25-29 October 2009

To register for any of the courses please click on the course titles or contact Engy Badawy on [engy@fttceg.org](mailto:engy@fttceg.org)

## Upcoming International Exhibitions

Our new Financial Year fairs plan has been uploaded

Click [here](#) to download the list of exhibitions

Name	Sector	Date	Location
	Power & Electricity	3-5 November 2009	Algeria, Algeria
