Company Details

Company: Nordix

Company Address: 224, El Sudan St., Lebanon Sq. – Mohandssin-Giza – Egypt.

Company Profile:

Nordix Egypt was established in Egypt in 1989 to become one of the leaders in the IT industry in Egypt.

The company started by focusing on large cooperate accounts by providing them with a full list of products that fits their need. In 1999 the company started a manufacturing facility to market its own brand of PC under the name GHOST to become the number one PC sold in Egypt.

With a distribution channel of over 350 resellers across Egypt Nordix became one of the major distributor for most of the major hardware and software products.

In 2007 the company was acquired by Al Khorafy Group to become one of the main Distribution arms for its electronic unit.

Mr. Khaled ibrahim became the COO of Arab Company Computer Manufacturing (ACCM) and now he is heading the operations of the two companies Arab Company Computer Manufacturing (ACCM) and Nordix.

(ACCM) is a well funded private electronics design and manufacturing enterprise headquartered in Cairo, Egypt. ACCM was started in 2004 through investments by Al Khorafy Group (very large investment fund), Telecom Egypt, and others for the purpose of developing and manufacturing computer, communications and consumer electronics products for the Egyptian and neighboring markets. ACCM has established a strong R&D group to develop Electronics products for the targeted markets plus an ISO9002 certified electronics manufacturing and test factory. The actual investment so far is \$ 25.000000 Million Dolores.

With it large distribution base and in addition to strong manufacturing facilities Nordix is considered one of the top IT Company in Egypt.
